Dear John,

On behalf of Kevin Kimm and Kerry McNamara, we appreciate the opportunity to meet with you and Congressman Finstad last week to introduce them and OCP North America and to update you on the impacts countervailing duties on phosphate fertilizers are having on farmers in your state and nationwide.

We discussed the earlier letters that Members of Congress have written on this issue. For your convenient reference, these letters and other background information may be found at [HTTPS://StandWithUSFarmers.com](https://StandWithUSFarmers.com).

We continue to await decisions from the US Court of International Trade on the appeals of actions by both the International Trade Commission and the Department of Commerce. In the meantime, if we can provide additional information or answer any questions, we welcome the opportunity to do so.

Thank you again for your time.
